ABOUT THE SPRUCE CREEK FLY-IN...

The Spruce Creek Fly-in Community is the world's most famous residential airpark. With a 4,000 ft lighted runway and a GPS approach, the private airport at the center of the community (7FL6) can accommodate anything from a Stearman to a Gulfstream. Originally a Navy airfield during WWII, it evolved into the world's largest residential fly-in community. Today, almost 5,000 residents, 1,300 homes and 700 hangars share a unique life in this private gated village. The first thing a visitor sees after driving through the security gates is a sign that summarizes the spirit of this community:

"Caution children and adults at play". A championship golf course and Country Club and 24-hr patrolled security complements the safety, privacy and enjoyment of our residents. Learn more about Spruce Creek at 7FL6.com and SpruceCreekJournal.com
